Pioneer[®] EPOXY ALL PURPOSE

Pioneer All Purpose Epoxy is a two-component, 100% solids content, multipurpose standard epoxy that forms strong and durable bonds on a variety of materials like metal, ceramics, glass, rubber and rigid plastics.

KEY FEATURES: Heat & Chemical-Proof • Multipurpose • Water Resistant • 100 % Solids Content

PACKAGING: Jar Pack – 1.8kg & 450g

Tube Pack : 13g, 36g, 90g, 180g

Pioneer[®] EPOXY FAST & CLEAR

Pioneer Fast & Clear Epoxy is a fast setting, two-component adhesive that dries clear in 5 minutes. It forms high strength bonds especially in glass and transparent substrates.

KEY FEATURES: • Fast Setting • Multipurpose • Transparent • Odourless

PACKAGING: Jar Pack – 900g & 450g

Tube Pack : 13g, 36g, 90g, 180g

Pioneer[®] ELASTOSEAL ELASTOMERIC RUBBER SEALANT

ELASTOSEAL HIGH GRADE WATERPROOFING SEALANT is a single component, ready to use elastomeric rubber sealant formulated for superior weather proofing and sealing of various construction joints. The material cures rapidly to a tough, full-bodied, elastic, waterproof seal that maintain its joint movement capability and adhesion for many years. Its advanced formulation is highly resistant to UV rays, temperature changes and cures to a paintable surface. It works on wet roofs and other surfaces that are not permanently submerged underwater.

AREAS OF APPLICATION: Crack filling • Cement Sheet • Metal Sheets • Plugs seepage • Roof tops • Constructions

PACKAGING: 85 g Pisil pack - 30 pcs per box, 250 g Pisil pack - 30 pcs per box, 500 g - 24 pcs per box, 1 kg - 12 pcs per box & 345 g Cartridge - 24 pcs per box

Pioneer[®] BUILDERS BOND CONSTRUCTION ADHESIVE

Builders Bond is a one part mild solvent and rubber-based all purpose construction adhesive that delivers a consistently strong and lasting bond on most building substrates.

AREAS OF APPLICATION: • Aluminium Composite Panel Sheets Cladding • Raised Flooring • Sheet flooring or joints • Cornices or Mouldings • Mirrors • Steel Stud/Fiber Board • Metal or aluminium door strip to floor or walk • Ceramic, Tiles, and Glass • Timber or fiber cement sheeting to cement block or brick walls • In the groove of tongue and groove flooring • EPS Foam • Plastic

PACKAGING: 384 g cartridge - 24 pcs per box & 100 g Pisil pack - 30 pcs per box.

Pioneer[®] MIGHTY SEAL EPOXY PUTTY

Pioneer Mighty Seal Epoxy Compound is a two component, hand-moldable epoxy compound that molds like clay when mixed together in equal quantity. It sets at ambient temperature, making it ideal for repairs. Its consistency eliminates drips and runs, facilitates adhesion to the substrates and allows the material to be shaped and formed as needed before curing begins. It can be used to seal leaks, repairs and fill gaps.

Availability: Mighty Seal Regular, Mighty Seal Zatpat (Fast Curing) , Mighty Seal Sanitary (White).

AREAS OF APPLICATION: Plumbing • Sanitary • Automotive • Ceramic • Sealing
• Stops leakages

PACKAGING : 25 g, 60 g, 100 g, 250 g, 1 kg also available in wholesale Jar.

Pioneer[®] MIGHTY BOND INSTANT ADHESIVE

Pioneer Mighty Bond is a high strength, fast setting adhesive which can be used for virtually any type of fastening job. Pioneer Mighty Bond has become one unique product featuring with the fastest setting ability in the realm of Cyanoacrylate Adhesive. Pioneer Mighty Bond is especially designed for bonding and repairing applications. Better efficiency and quality combined with cost saving have made Pioneer Mighty Bond to be a substitute for repair material. When a thin layer of Pioneer Mighty Bond applied between two surfaces comes into contact with atmospheric moisture, a rapid polymerization occurs, producing the ultimate bond.

AREAS OF APPLICATION: • Rubber • Leather • Wood • Metal • Ceramic • PVC • Plastic

PACKAGING: Bottle: 20g - 50 nos per wholesaler box

Pioneer[®] MARINE ACRYLIC SPRAY PAINT

Pioneer Acrylic Spray Paint is a Marine Grade touch Up Spray Paint which is a fast drying paint based on thermoplastic acrylic and offers excellent adhesion, flexibility and UV resistance. It creates a Marine coating which is a type of protective coating which protect ships, vessels, tankers, and other materials from rigours of marine environment. In addition it offers good resistance to almost all domestic chemicals like detergent, water, abrasion, heat etc.

AREAS OF APPLICATION: • Can be used on all kinds of metal surfaces • Automotive touch up • Ideal for small industrial parts & equipment • Art & hobbies • Photo frames & windows • Decorations etc.

PACKAGING: 400 ml - 48 pcs per box

Pioneer[®] SILICONE SEALANT

Pioneer Silicone Sealants are one component, moisture curing silicone sealants suitable for use as a sealant or adhesive. It has excellent resistance to UV and outstanding weatherability. It also has excellent adhesion to most common building materials including glass, aluminium, ceramic, steel, powder coated surfaces, timber as well as painted and many plastic surfaces. It cures to a tough rubbery like durable elastomeric sealant and can be used in both vertical and horizontal applications.

Availability: General Purpose, Neutral Cure & Extreme Weatherproofing.

#All above variants are available in Clear, Black & White.

AREAS OF APPLICATION: • Glass • Aluminium • Ceramic • Steel • Powder coated Surface • Wood • Tile joint • Many plastic surfaces

PACKAGING: 260 ml - 24 Pcs per box

Pioneer[®] RC1 LUBRICATING SPRAY

RC1 LUBRICATING SPRAY protects against salt water corrosion and rust. Keeps all engines / motors working.

AREAS OF APPLICATION: • Starts wet motors • Cleans dirt & grease • Drives out moisture from distributors, spark plugs, relays, wiring cables and wet engines • Protects against rust metal corrosion on moving parts, tools, dies, chrome, equipment and precision instruments • Loosens rusty parts • Frees sticky mechanisms and frozen bolts, zippers, valves, locks, hinges, wheels, bicycle chains & gears • Prevents squeaks on hinges, sliding doors, wheels, bicycles, machinery, equipment, cars, and all moving parts.

PACKAGING: 50 ml (32 g), 100 ml (63.8 g) & 450 ml (350 g)

Pioneer[®] WATERPROOF ADHESIVE

Pioneer Waterproof Adhesive is a premium grade adhesive highly suitable for bonding Marine and commercial plywood, block board, MDF, Wood, Laminate and Veneers with each other.

AREAS OF APPLICATION: • Specially recommended for use in Furniture of Kitchens, Bathrooms, Toilets, Boats and Ships.

PACKAGING: 500 g. 1 kg. 2 kg, 5 kg, 10 kg. 20 kg, 50 kg & 800 g Pouch.

Pioneer[®] WOOD GLUE

PIONEER WOOD GLUE is PREMIUM GRADE Synthetic Resin Adhesive highly suitable for strong bonding of Plywood, Laminate, Veneer, Block Board, MDF, Cork & all types of Wood.

AREAS OF APPLICATION: • Furniture • Kitchen • Bathroom • Wooden Boats & Industrial Applications.

PACKAGING: 250 g, 500 g, 1 kg, 2 kg, 5 kg, 10 kg, 20 kg, 50 kg & 900 g Pouch.

Pioneer[®] CONTACT BOND

Pioneer Contact Bond is a synthetic rubber-based adhesive with an excellent heat-resistance property up-to 180°C temperature. Pioneer Contact Bond has quick grab property with zero spring back action when used on curved surfaces. This property is ideal for vertical applications of laminates in high heat areas, with multiple usages while wood-working. It requires minimum stirring.

AREAS OF APPLICATION: Pasting MDF, Particle Board, Block Board & Bonding Leather, Fabric, Metal Foil, Foam. Also for Arts & Crafts, Wood Veneers, Corks & Plastic, Laminates, Leather, Vertical Lamination, Shoes, Furniture, Upholstery and different types of rubber.

Pioneer MIGHTY TAPE PTFE THREAD SEAL TAPE

PIONEER PTFE TAPES are made of Floropolymers. It's a thin white tape used to seal pipe threads being joined together for plumbing jobs. It is used to seal water, air, gas from leaking through threaded connections that don't have a built in rubber seal. It is silky in texture and breaks in a stringy manner.

AREAS OF APPLICATION: • Appliance • Automotive • Plumbing and Pipe • Chemical • Gas applications • Electronic and Electrical

PACKAGING: 5 Mtrs, 10 Mtrs & 12 Mtrs

Pioneer PVC / CPVC / UPVC SOLVENT CEMENT

Pioneer PVC 1008 Solvent Cement is a clear, regular bodied, slow setting, high strength PVC solvent cement for all size of PVC irrigation and drainage pipes. It provides long working time to form joint in hot climates.

AREAS OF APPLICATION: Ideal for use on all types of PVC plastic pipe applications, specially for irrigation systems, potable water pressure systems and conduit / sewer / drain waste / vent systems.

Pioneer CPVC 2007 Solvent Cement is a yellow, medium bodied, low VOC, fast setting, high strength CPVC solvent cement for all grades and type of CPVC pipe and fittings.

AREAS OF APPLICATION: For use on all types of CPVC plastic pipe applications. Ideal for cold and hot water systems up to 180°F (82°C), in residential, commercial, industrial piping applications.

Pioneer UPVC 3006 Solvent Cement is a clear, low VOC emission, medium bodied, fast setting, high strength UPVC solvent cement for all classes and schedules of pipe and fittings.

AREAS OF APPLICATION: For use on all types of UPVC plastic pipe applications and highly suitable for irrigation system. It can be used with potable water pressure system, irrigation, conduit, sewer, drain waste and vent system.

PACKAGING: 25 ml, 50ml, 100 ml Tube, 50 ml, 100 ml, 200ml, 250ml, 500ml & 1000 ml Tin.

Pioneer PAINTERS BUDDY ACRYLIC GAP SEALANT

PIONEER Painters Buddy Acrylic Gap Sealant is an acrylic sealant designed as a cost effective gap filler. It has been formulated for use as a multipurpose, interior/ exterior sealant that when cured, forms a flexible, durable, weather resistant seal that bonds to most common building material. PIONEER Painters Buddy Acrylic Gap Sealant is fully paintable and sandable when cured - Uncured sealant cleans up easily with water. It will not bleed, stain or discolour Sealant guns and tools easily.

AREAS OF APPLICATION: • Interior /Exterior use • Crack filling • Gap Sealant • Door-Window frame gap filler.

PACKAGING: Painters Buddy Acrylic Gap Sealant is packed in 100 g Pisili pack - 30 pcs per box

Pioneer WATER-TITE 100 INSTANT PLUG

PIONEER Water-Tite 100 Instant Plug is supplied as a dry powder which only needs the addition of water to produce an ultra rapid set plugging mortar. It is designed to seal leaks in running water where conventional mortars would be washed away. It is ideal to seal leaks prior to application of capillary waterproofing.

AREAS OF APPLICATION: • Patching concrete mortars • Stopping leaks • Repairing concrete pipe and pre-cast concrete • Repairing honey comb crack and spalls • Repairing water retaining structures • Anchoring of bolts and fixtures • Filling holes

PACKAGING: PIONEER Water- Tite 100 Instant Plug is available in 200 g pouch.
